Present across USA, UK, Singapore, India, UAE & more.

Why choose Cuemath?

"Cuemath is a valuable addition to our family. We love solving puzzle cards. My daughter is now visualizing maths and solving problems effectively!"

- Gary Schwartz

"Cuemath is great because my son has a one-on-one interaction with the teacher. The instructor has developed his confidence and I can see progress in his work. One-on-one interaction is perfect and a great bonus."

- Kirk Riley

"I appreciate the effort that miss Nitya puts in to help my daughter understand the best methods and to explain why she got a problem incorrect. She is extremely patient and generous with Miranda."

- Barbara Cabrera

ANSWERS

Q.1)	$24
Q.2)	$5
Q.3)	$86
Q.4)	$44
Q.5)	$86 +$12 ———— $98 ————
Q.6)	Yes

Q.7)	a.) $14 b.) $17
Q.8)	$95 -$19 ———— $76 ————
Q.9)	a.) False b.) True
Q.10)	$2614

FUN FACT

1. Estimating money means rounding the money to the nearest cent or dollar.
2. To estimate or round off the money to the nearest dollar, look at the number to the right of the decimal. If the number is five or more, increase the dollar by 1. If it is less than five, keep the dollars the same.
3. Estimation saves your time when the calculation that you need is not exact.
