Why choose Cuemath?

"Cuemath is a valuable addition to our family. We love solving puzzle cards. My daughter is now visualizing maths and solving problems effectively!"

- Gary Schwartz

"Cuemath is great because my son has a one-on-one interaction with the teacher. The instructor has developed his confidence and I can see progress in his work. One-on-one interaction is perfect and a great bonus."

- Kirk Riley

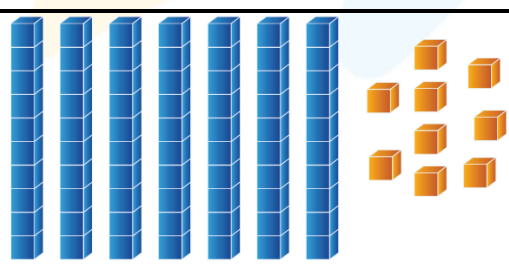

"I appreciate the effort that miss Nitya puts in to help my daughter understand the best methods and to explain why she got a problem incorrect. She is extremely patient and generous with Miranda."

- Barbara Cabrera

FUN FACT

1. Writing abbreviated place names ('T' for tens and 'O' for ones) and arranging numbers according to the place values helps you to find the sum easily.
2. Base 10 blocks are manipulatives which helps us to visually add numbers.
3. The sum of numbers in the ones and tens place value do not exceed 9 in 2-digit addition without regrouping.
