## Why choose Cuemath?

"Cuemath is a valuable addition to our family. We love solving puzzle cards. My daughter is now visualizing maths and solving problems effectively!"

- Gary Schwartz

"Cuemath is great because my son has a one-on-one interaction with the teacher. The instructor has developed his confidence and I can see progress in his work. One-on-one interaction is perfect and a great bonus."

- Kirk Riley

"I appreciate the effort that miss Nitya puts in to help my daughter understand the best methods and to explain why she got a problem incorrect. She is extremely patient and generous with Miranda."

- Barbara Cabrera

## FUN FACT

Multiplication of two numbers 'a' and 'b' is similar to addition of 'b' times the number 'a'.

If we multiply a number by 10, then the unit's digit in the product is always 0.

If we multiply a number by 8, then the number formed by the last three digits of the product is a multiple of 8.
