5th Grade Adding and Subtracting Fractions Worksheets

1) Add $\frac{1}{2}, \frac{6}{7}$ and $21\frac{3}{4}$.

2) Find the sum of the fractions: $\frac{17}{8}, 8\frac{4}{5}, 3$

3) Calculate the difference: $14\frac{3}{5} - \frac{14}{5} - \frac{7}{9}$

4) What is the result obtained on subtraction of $\frac{5}{13}$ from the sum of 2 and $14\frac{3}{8}$?

5) Solve the fractional expression indicated by the dark shaded region in the following representation and justify your answer:

6) Solve: $13\frac{2}{3} + \frac{4}{7} - 13$

7) Simplify: $\frac{3}{4} + 7\frac{1}{4} - 7$

8) Find the missing term: $21\frac{2}{3} + 6 = 5\frac{2}{7} + ?$

9) A man had two hens. One of the two hens laid 3 dozen of eggs whereas the other hen laid two-third of 6 dozens. How many eggs were laid in total?

10) What fraction when added to $\frac{7}{8}$ would give the result as $\frac{19}{9}$?

Why choose Cuemath?

"Cuemath is a valuable addition to our family. We love solving puzzle cards. My daughter is now visualizing maths and solving problems effectively!"

- Gary Schwartz

"Cuemath is great because my son has a one-on-one interaction with the teacher. The instructor has developed his confidence and I can see progress in his work. One-on-one interaction is perfect and a great bonus."

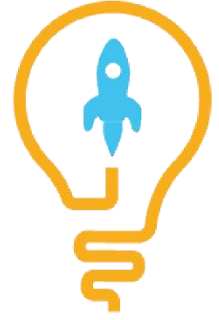

- Kirk Riley

"I appreciate the effort that miss Nitya puts in to help my daughter understand the best methods and to explain why she got a problem incorrect. She is extremely patient and generous with Miranda."

- Barbara Cabrera

**ANSWERS**

1)	$23\frac{3}{28}$
2)	$13\frac{37}{40}$
3)	$11\frac{1}{45}$
4)	$15\frac{103}{104}$
5)	$\frac{3}{6} - \frac{1}{6} = \frac{2}{6} = \frac{1}{3}$
6)	$1\frac{5}{21}$
7)	1
8)	$22\frac{8}{21}$
9)	84 eggs
10)	$1\frac{17}{72}$

FUN FACT

1. The word fraction is derived from the Latin word "fractio", which means "to break".
2. The Egyptians, were the first to have learnt fractions to resolve their mathematical problems.
3. The early applications of fractions included the division of food, supplies and the absence of a bullion currency.
