## ADDING INTEGERS ON A NUMBER LINE WORKSHEET-II

- 1) Find the missing term using the number line to satisfy the given equation.

$$3 + (-4) = \underline{\quad}$$

- 2) Compare the following expressions by solving on a number line.

$$-1 + (-5) \quad \square \quad 7 + (-8)$$

- 3) Use the number line to find the sum:

$$2 + 7$$

- 4) Fill in the blank.

An integer, on the given number line, is \_\_\_\_\_ than every number on its right.

- 5) Write the addition equation represented on the following number line:

- 6) What needs to be added to the number below the arrow to get to the circled answer?

- 7) When adding negative number to a number line, you move to the \_\_\_\_\_.

- a) Left
- b) Right

Use the following number line to answer the Q8 and Q9.

2 lies between b and c.

8) Find the value of a and b.

9) What are the values of c and d.

10) Find the equation modeled in the given number line.

When you learn math  
in an interesting way,  
you never forget.

Present across USA, UK,  
Singapore, India, UAE & more.

## Why choose Cuemath?

"Cuemath is a valuable addition to our family. We love solving puzzle cards. My daughter is now visualizing maths and solving problems effectively!"

- Gary Schwartz

"Cuemath is great because my son has a one-on-one interaction with the teacher. The instructor has developed his confidence and I can see progress in his work. One-on-one interaction is perfect and a great bonus."

- Kirk Riley

"I appreciate the effort that miss Nitya puts in to help my daughter understand the best methods and to explain why she got a problem incorrect. She is extremely patient and generous with Miranda."

- Barbara Cabrera

**ANSWERS**

1)	-1
2)	<
3)	9
4)	smaller
5)	$0 + 3 = 3$
6)	10
7)	a)
8)	-2, 1
9)	3, 6
10)	$-2 + 8 = 6$

## FUN FACT

1. The numbers on the number line increase as one moves from left to right and decrease on moving from right to left.
2. A number line can be extended infinitely in any direction and is usually represented horizontally.
3. Writing numbers on a number line makes comparing numbers easier. Numbers on the left are smaller than the numbers on the right of the number line.
