ADDING INTEGERS ON A NUMBER LINE WORKSHEET-III

Use the following number line to answer the Q1 and Q2.

-1 lies between b and c.

- 1) Find the value of a and b.
- 2) What are the values of c and d.
- 3) Find the missing term using the number line to satisfy the given equation.

$$0 + (-5) = \underline{\quad ? \quad}$$

- 4) Compare the following expressions by solving on a number line.

$$6 + (-5) \quad \square \quad 8 + (-5)$$

- 5) Use the number line to find the sum:

$$-3 + (-2)$$

- 6) Fill in the blank.

An integer, on the given number line, is smaller than every number on it's _____.

- 7) Write the addition equation represented on the following number line:

8) What needs to be added to the number below the arrow to get to the circled answer?

9) Which number will we reach if we start from -2 and move 7 steps to the right?

- a) 4
- b) 5
- c) 6
- d) 7

10) Find the equation modeled in the given number line.

Why choose Cuemath?

"Cuemath is a valuable addition to our family. We love solving puzzle cards. My daughter is now visualizing maths and solving problems effectively!"

- Gary Schwartz

"Cuemath is great because my son has a one-on-one interaction with the teacher. The instructor has developed his confidence and I can see progress in his work. One-on-one interaction is perfect and a great bonus."

- Kirk Riley

"I appreciate the effort that miss Nitya puts in to help my daughter understand the best methods and to explain why she got a problem incorrect. She is extremely patient and generous with Miranda."

- Barbara Cabrera

**ANSWERS**

1)	-5, -2
2)	0, 3
3)	-5
4)	<
5)	-5
6)	right
7)	$4 + (-9) = -5$
8)	-7
9)	b)
10)	$-8 + 11 = 3$

FUN FACT

1. The numbers on the number line increase as one moves from left to right and decrease on moving from right to left.
2. Writing numbers on a number line makes comparing numbers easier. Numbers on the left are smaller than the numbers on the right of the number line.
3. A number line can be extended infinitely in any direction and is usually represented horizontally
