Why choose Cuemath?

"Cuemath is a valuable addition to our family. We love solving puzzle cards. My daughter is now visualizing maths and solving problems effectively!"

- Gary Schwartz

"Cuemath is great because my son has a one-on-one interaction with the teacher. The instructor has developed his confidence and I can see progress in his work. One-on-one interaction is perfect and a great bonus."

- Kirk Riley

"I appreciate the effort that miss Nitya puts in to help my daughter understand the best methods and to explain why she got a problem incorrect. She is extremely patient and generous with Miranda."

- Barbara Cabrera

**ANSWERS**

1)	60
2)	16
3)	86.14
4)	268
5)	1220
6)	2530
7)	75
8)	315
9)	196
10)	115

FUN FACT

1. In geometry, the area can be defined as the space occupied by the surface of an object.
2. The area of a figure equals the number of unit squares that cover the surface of a closed figure.
3. Area of a surface helps to determine how much paint is required to cover the shape/surface.
