Why choose Cuemath?

"Cuemath is a valuable addition to our family. We love solving puzzle cards. My daughter is now visualizing maths and solving problems effectively!"

- Gary Schwartz

"Cuemath is great because my son has a one-on-one interaction with the teacher. The instructor has developed his confidence and I can see progress in his work. One-on-one interaction is perfect and a great bonus."

- Kirk Riley

"I appreciate the effort that miss Nitya puts in to help my daughter understand the best methods and to explain why she got a problem incorrect. She is extremely patient and generous with Miranda."

- Barbara Cabrera

**ANSWERS**

1)	Option c
2)	$\frac{4}{5} < \frac{6}{7}$
3)	George spent more money
4)	$>$
5)	Option a
6)	Sum = $\frac{19}{15} > 1$
7)	Option b
8)	False
9)	Equal, 9 miles
10)	Option b

FUN FACT

1. Improper fractions are always greater than 1.
2. Proper fractions are less than improper fractions.
3. The word [fraction](#) originated from the Latin word "fractio", meaning "to break".
