Singapore, India, UAE & more.

Why choose Cuemath?

"Cuemath is a valuable addition to our family. We love solving puzzle cards. My daughter is now visualizing maths and solving problems effectively!"

- Gary Schwartz

"Cuemath is great because my son has a one-on-one interaction with the teacher. The instructor has developed his confidence and I can see progress in his work. One-on-one interaction is perfect and a great bonus."

- Kirk Riley

"I appreciate the effort that miss Nitya puts in to help my daughter understand the best methods and to explain why she got a problem incorrect. She is extremely patient and generous with Miranda."

- Barbara Cabrera

**ANSWERS**

1)	25.676
2)	2247.94
3)	1869
4)	370
5)	\$207.66
6)	2471.42

7)	3
8)	11
9)	4 Chocolate
10)	135

FUN FACT

1. The divisor and the quotient product when added to the remainder is always equal to the dividend.
2. The result is not defined, when dividing a number with 0,
3. The remainder is always smaller than the divisor.
