## Why choose Cuemath?

"Cuemath is a valuable addition to our family. We love solving puzzle cards. My daughter is now visualizing maths and solving problems effectively!"

- Gary Schwartz

"Cuemath is great because my son has a one-on-one interaction with the teacher. The instructor has developed his confidence and I can see progress in his work. One-on-one interaction is perfect and a great bonus."

- Kirk Riley

"I appreciate the effort that miss Nitya puts in to help my daughter understand the best methods and to explain why she got a problem incorrect. She is extremely patient and generous with Miranda."

- Barbara Cabrera

## FUN FACT

1. The term 'clock' has been derived from the Dutch word 'glock'.
2. Analog clocks use angles to tell time. These clocks have hands rotating around the clock's face.
3. Sundials were used to tell the [time](#) before the invention of mechanical clocks. The earliest use of sundial dates back to 1,500 BCE.
