Why choose Cuemath?

"Cuemath is a valuable addition to our family. We love solving puzzle cards. My daughter is now visualizing maths and solving problems effectively!"

- Gary Schwartz

"Cuemath is great because my son has a one-on-one interaction with the teacher. The instructor has developed his confidence and I can see progress in his work. One-on-one interaction is perfect and a great bonus."

- Kirk Riley

"I appreciate the effort that miss Nitya puts in to help my daughter understand the best methods and to explain why she got a problem incorrect. She is extremely patient and generous with Miranda."

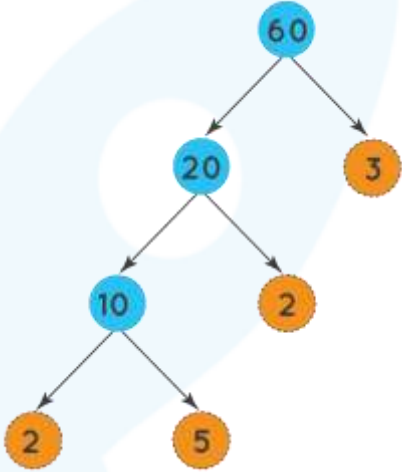

- Barbara Cabrera

ANSWERS

1)	1, 2, 5, and 10
2)	15
3)	factors
4)	
5)	c) 13
6)	1, 3, and 9
7)	a) → iii), b) → i), c) → ii)
8)	15
9)	7
10)	$999 = 3^3 \times 37$

FUN FACT

1. A number is always a factor of itself.
2. Common factor of co-prime numbers is always 1.
3. Factors of two or more numbers are used to calculate their HCF.
