## Why choose Cuemath?

"Cuemath is a valuable addition to our family. We love solving puzzle cards. My daughter is now visualizing maths and solving problems effectively!"

- Gary Schwartz

"Cuemath is great because my son has a one-on-one interaction with the teacher. The instructor has developed his confidence and I can see progress in his work. One-on-one interaction is perfect and a great bonus."

- Kirk Riley

"I appreciate the effort that miss Nitya puts in to help my daughter understand the best methods and to explain why she got a problem incorrect. She is extremely patient and generous with Miranda."

- Barbara Cabrera

**ANSWERS**

|    |                                  |
|----|----------------------------------|
| 1) | 5, 10, <u>15</u> , 20, <u>25</u> |
| 2) | 4                                |
| 3) | d.                               |
| 4) | a.                               |
| 5) | 57                               |
| 6) | b.                               |

|     |                          |
|-----|--------------------------|
| 7)  | 9                        |
| 8)  | 5                        |
| 9)  | a.                       |
| 10) | $11 - \underline{z} = 4$ |

## FUN FACT

1. To fill the number in any series, it is necessary to know the pattern.
2. More than indicates  $>$ . For example, 14 is more than 10 as  $14 > 10$ .
3. Less than indicates  $<$ . For example, 6 is less than 12 as  $6 < 12$ .
