Why choose Cuemath?

"Cuemath is a valuable addition to our family. We love solving puzzle cards. My daughter is now visualizing maths and solving problems effectively!"

"Cuemath is great because my son has a one-on-one interaction with the teacher. The instructor has developed his confidence and I can see progress in his work. One-on-one interaction is perfect and a great bonus."

"I appreciate the effort that miss Nitya puts in to help my daughter understand the best methods and to explain why she got a problem incorrect.

She is extremely patient and generous with Miranda."

FUN FACT

- 1. Terms such as "Minus", "Less",
 "Difference", "Decrease", "Take
 Away" and "Deduct" mean that you
 usually need to subtract
 one number from the other.
- 2. Do you know that when we subtract 0 from any number, the difference is the number itself?
- 3. When we subtract 1 from a number, the difference is the predecessor of the given number.
