Present across USA, UK,
Singapore, India, UAE & more.

Why choose Cuemath?

"Cuemath is a valuable addition to our family. We love solving puzzle cards. My daughter is now visualizing maths and solving problems effectively!"

- Gary Schwartz

"Cuemath is great because my son has a one-on-one interaction with the teacher. The instructor has developed his confidence and I can see progress in his work. One-on-one interaction is perfect and a great bonus."

- Kirk Riley

"I appreciate the effort that miss Nitya puts in to help my daughter understand the best methods and to explain why she got a problem incorrect. She is extremely patient and generous with Miranda."

- Barbara Cabrera

Q.10)	a.) 10 cents b.) 25 cents

FUN FACT

1. Do you know that the life expectancy of a circulating coin is 30 years, while paper money usually only lasts for 18 months!
2. All coins and paper bills used in the US have the faces of famous Americans on the front side.
3. The quarter dollar made in 1804 was the first silver coin in the United States Mint's history to have a value on it!
