Why choose Cuemath?

"Cuemath is a valuable addition to our family. We love solving puzzle cards. My daughter is now visualizing maths and solving problems effectively!"

- Gary Schwartz

"Cuemath is great because my son has a one-on-one interaction with the teacher. The instructor has developed his confidence and I can see progress in his work. One-on-one interaction is perfect and a great bonus."
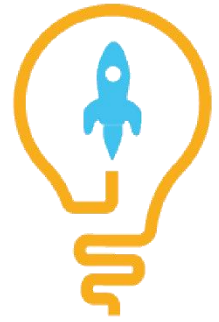

- Kirk Riley

"I appreciate the effort that miss Nitya puts in to help my daughter understand the best methods and to explain why she got a problem incorrect. She is extremely patient and generous with Miranda."

- Barbara Cabrera

FUN FACT

1. The word **Multiply** originated from the Latin word "multiplicō" which means 'many fold'.

2. **11** is the fourth **number** that stays the same when turned upside down after 0, 1, and 8.

3. Multiplication by 11 is easy! To multiply by a 2-digit number add the two digits and place the sum in between!

$$25 \times 11 = 275$$
