Why choose Cuemath?

"Cuemath is a valuable addition to our family. We love solving puzzle cards. My daughter is now visualizing maths and solving problems effectively!"

- Gary Schwartz

"Cuemath is great because my son has a one-on-one interaction with the teacher. The instructor has developed his confidence and I can see progress in his work. One-on-one interaction is perfect and a great bonus."

- Kirk Riley

"I appreciate the effort that miss Nitya puts in to help my daughter understand the best methods and to explain why she got a problem incorrect. She is extremely patient and generous with Miranda."

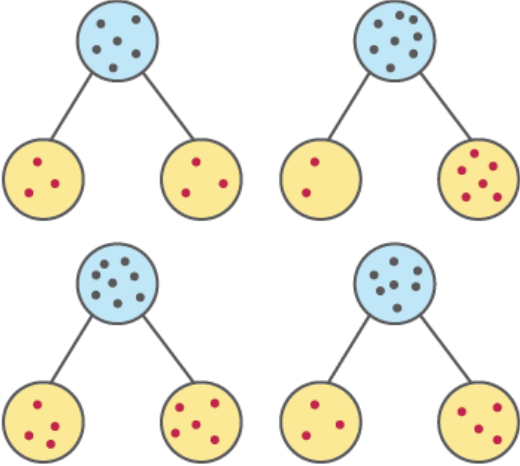

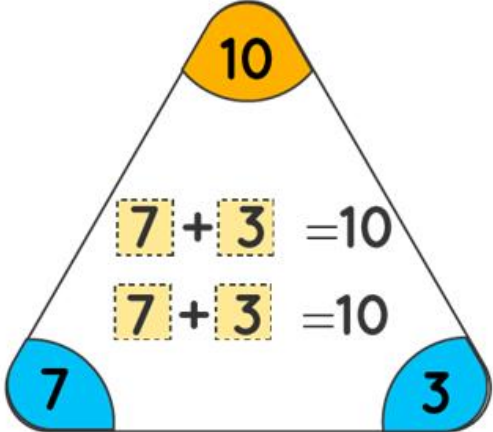

- Barbara Cabrera

FUN FACT

Any whole number is made up of parts.

We get instant answers on knowing the number bonds.

The idea of number bonds up to 20 can be extended to 100 and further.

Splitting the numbers helps the students do addition and subtraction faster.
