Grade 5 Number Pattern Worksheet

- 1) What is the next number in this pattern?

multiply by 5, then add 2

2, 12, 62, 312, ____

- 2) The teacher is handing out note cards to her students. She gave 2 note cards to the first student, 4 note cards to the second student, 12 note cards to the third student, 16 note cards to the fourth student, and 32 note cards to the fifth student. If this pattern continues, how many note cards will the teacher give to the sixth student?

When you learn math

Why choose Cuemath?

"Cuemath is a valuable addition to our family. We love solving puzzle cards. My daughter is now visualizing maths and solving problems effectively!"

- Gary Schwartz

"Cuemath is great because my son has a one-on-one interaction with the teacher. The instructor has developed his confidence and I can see progress in his work. One-on-one interaction is perfect and a great bonus."

- Kirk Riley

"I appreciate the effort that miss Nitya puts in to help my daughter understand the best methods and to explain why she got a problem incorrect. She is extremely patient and generous with Miranda."

- Barbara Cabrera
