Why choose Cuemath?

"Cuemath is a valuable addition to our family. We love solving puzzle cards. My daughter is now visualizing maths and solving problems effectively!"

- Gary Schwartz

"Cuemath is great because my son has a one-on-one interaction with the teacher. The instructor has developed his confidence and I can see progress in his work. One-on-one interaction is perfect and a great bonus."

- Kirk Riley

"I appreciate the effort that miss Nitya puts in to help my daughter understand the best methods and to explain why she got a problem incorrect. She is extremely patient and generous with Miranda."

- Barbara Cabrera

4)	2003
5)	(c)
6)	(b)
7)	(a)

8)	$>$
9)	1561
10)	$=$

FUN FACT

1. The face value of a digit in any number is the value of the digit itself.
2. The concept of place value is important because it gives the worth of every digit in in a number according to its position.
3. A number in standard form is separated into groups of three digits using commas.
