Why choose Cuemath?

"Cuemath is a valuable addition to our family. We love solving puzzle cards. My daughter is now visualizing maths and solving problems effectively!"

- Gary Schwartz

"Cuemath is great because my son has a one-on-one interaction with the teacher. The instructor has developed his confidence and I can see progress in his work. One-on-one interaction is perfect and a great bonus."

- Kirk Riley

"I appreciate the effort that miss Nitya puts in to help my daughter understand the best methods and to explain why she got a problem incorrect. She is extremely patient and generous with Miranda."

- Barbara Cabrera

ANSWERS

1)	-1
2)	1
3)	-12
4)	a) $>$, b) $<$
5)	8
6)	-5
7)	-14, -12, 8, 16
8)	15
9)	-3 -6
10)	-5

FUN FACT

1. Zero is neither positive integer nor negative integer.
2. Division operation between two integers is not necessarily an integer.
3. There are infinite number of integers.
