Why choose Cuemath?

"Cuemath is a valuable addition to our family. We love solving puzzle cards. My daughter is now visualizing maths and solving problems effectively!"

- Gary Schwartz

"Cuemath is great because my son has a one-on-one interaction with the teacher. The instructor has developed his confidence and I can see progress in his work. One-on-one interaction is perfect and a great bonus."

- Kirk Riley

"I appreciate the effort that miss Nitya puts in to help my daughter understand the best methods and to explain why she got a problem incorrect. She is extremely patient and generous with Miranda."

- Barbara Cabrera

**ANSWERS**

1)	100 miles per hour
2)	753 rounds to 800 to the nearest hundred.
3)	292
4)	900
5)	5
6)	17,000,000
7)	1600
8)	7000
9)	2440
10)	462850

FUN FACT

1. The rounding concept founds its existence way before than division concept.
2. Usage of the wavy equal sign is done to denote rounding off.
3. Approximation of length of the month was done in ancient times also.
