Why choose Cuemath?

"Cuemath is a valuable addition to our family. We love solving puzzle cards. My daughter is now visualizing maths and solving problems effectively!"

- Gary Schwartz

"Cuemath is great because my son has a one-on-one interaction with the teacher. The instructor has developed his confidence and I can see progress in his work. One-on-one interaction is perfect and a great bonus."

- Kirk Riley

"I appreciate the effort that miss Nitya puts in to help my daughter understand the best methods and to explain why she got a problem incorrect. She is extremely patient and generous with Miranda."

- Barbara Cabrera

5)	3 fish
6)	38 trees

7)	20 points
8)	65 blue pens
9)	40 blue balloons
10)	203 shirts

FUN FACT

1. The terms 'minus', 'less than', 'difference', 'take away' are all associated with subtraction.
2. When we do subtraction on a number line, we move in the backward direction.
3. In subtraction we always count backward or subtract 1 every time from a number.
