Why choose Cuemath?

"Cuemath is a valuable addition to our family. We love solving puzzle cards. My daughter is now visualizing maths and solving problems effectively!"

- Gary Schwartz

"Cuemath is great because my son has a one-on-one interaction with the teacher. The instructor has developed his confidence and I can see progress in his work. One-on-one interaction is perfect and a great bonus."

- Kirk Riley

"I appreciate the effort that miss Nitya puts in to help my daughter understand the best methods and to explain why she got a problem incorrect. She is extremely patient and generous with Miranda."

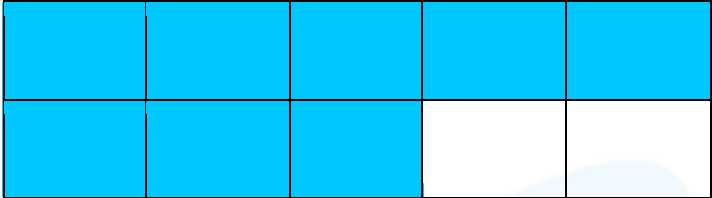

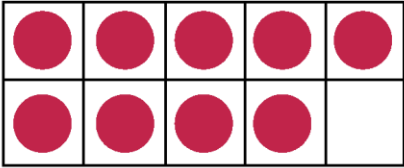

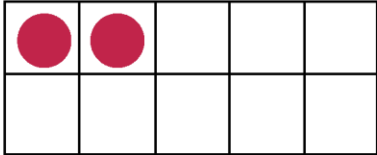

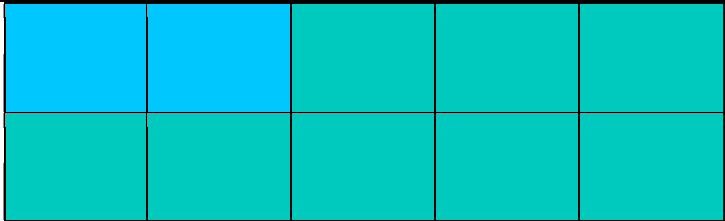

- Barbara Cabrera

FUN FACT

1. Ten-Frames are two-by-five rectangular frames into which objects like counters can be placed to show numbers less than or equal to ten.
2. These are often used to develop number sense within the context of ten.
3. These help to visualize numbers.
